MEMORANDUM OF UNDERSTANDING
among

Rajamangala University of Technology Rattanakosin (RMUTR)

**Federation of Private Colleges of Technology
and Vocational Education of Thailand (FPC)**

**Panyapiwat Technological College (PTC)
CP ALL Plc**

and

**Rosenheim University of Applied Sciences (RoUAS)
Bavarian Thai Academic Cooperation Center (BTACC)**

This Memorandum of Understanding dated as of April 19, 2013 by and among the above-mentioned colleges, institutes and universities wish to initiate an academic cooperation in the area of engineering, technology, logistics and information technology. Recognizing the excellent prospects and potential for the colleges to meet the growing demand for human resources and technological innovation development for industry in Thailand and global market need, and the long standing international reputation for excellence in the areas of engineering and technology of RoUAS the partners hereby agree to the following:

1. The purpose of the cooperation is to enable the colleges to develop and to deliver industry relevant curricula in the area of engineering, technology and other areas of mutual interest and to provide a platform for technology transfer from German to Thai education and industry.
2. Visits of academic and technical staff, as well as students, to each institution will be encouraged and can be of a short or long duration, for the purposes of consultation, participation in teaching, training activities, or performing research.
3. RoUAS will assist the colleges in the training of the latter's staff through admission of qualified candidates to RoUAS postgraduate program of study, development of laboratories and teaching equipment.

4. Student exchanges at all levels shall be encouraged in both directions. The terms and conditions of such exchanges shall be negotiated and agreed upon by the three institutions.
5. The mentioned institutions will try their best, either unilaterally or jointly, in securing financial aid from relevant funding agencies for the fulfillment of the activities outlined above.

This memorandum of understanding shall come into force on the date hereof. It shall be terminated when either party wishes by giving written notice to the other party at least 6 months in advance.
